Dear Speeds--

Got your fantastic painting of the extra-terrestrial girl with the graceful neck and mysterious eyes.

I'll write to the L-5 group and have them send you their bullegins.

Yes, the ideas were discussing--I Ching and Tarot cards have been worked out quite a bit. We are starting a publishing business--to publish my books. It turns out to be much more profitable and fun to publish yourself rather than commercially. So when you get out--if all goes well, there may be a place for your talents.

We are considering having our publication center in Oregon--connected to Ken Kesey's group. Kesey publishes a magazine--and has been helping us get our printing and mailing.

I hope to be out in a matter of weeks. I'll keep you posted--and you can always get in touch with me through John Milan, the attorney.

I'll see that you are put on the special mailing list to get copies of our books as soon as they come off the press.

Shine on,
